

**Area 20**  
**Hocking - Fairfield**  
**Pickaway - Ross - Vinton**

Rapid Response Procedures

Area 20/21 will follow local and state Rapid Response Policy. The steps in identifying a rapid response activity will be followed. If a dislocated worker has received services through the rapid response activities these activities will be logged as core and intensive services. Any paperwork completed by the dislocated worker during these activities will also be used for eligibility. By participating in the rapid response activities the dislocated worker will be able to expedite WIOA services. Duplication of paperwork will, at all possible measures, be avoided.
